Each year, out of hundreds of exhibitors, Canada's Farm Progress Show recognizes a few special achievements in developing innovative agriculture products and services. Each of these innovations has been qualified by Canada's Farm Progress show Innovations Committee a unique, new or improved product in the agriculture industry.

"It is a pleasure and an honour for me to congratulate these companies that represent the best in agriculture technology. I want to thank all the companies who chose to participate in the Innovations program this year. I and the Innovations committee have enjoyed seeing all the details of these amazing products. Innovations and new products is what makes this a great trade show, the biggest tradeshow in the country, " Rene Carpentier, Show Chair for Canada's Farm Progress Show.
